Day & Date: Friday, 28th January 2022

Time: 10.30 AM onwards Platform: ZOOM Platform

ABOUT WORKSHOP:

Through this instrument training program, we aim to share knowledge with students and faculties of Pharmacy sector, to assist practical experience and theoretical background by offering training program on and conducting periodic training program which the industries demands and bring value addition to the participants potential. Our training program assures hands on theoretical, practical and conceptual basic on the instruments for thorough understanding of analytical instruments and methods.

This training program aims to give practical demonstration on instruments, calibration and method development so the participant can achieve

OBJECTIVE:

To provide participants, skills required to handle and operate sophisticated analytical instruments, which are imperative in the present industrial environment. The training provides a sound background of the basic principles of analysis, an understanding of the instrumentation involved and the opportunity to become familiar with practical techniques.

Outcome:

After successful completion of this certificated training program participant will get comprehensive training in analysis of pharmaceutical products using sophisticated analytical instruments. Pharmaceutical industry demands human resources well trained to handle sophisticated analytical instruments. A person undertaking a certificate Program on Training of Sophisticated Analytical Instruments is assured of great Opportunities for a job in Pharmaceutical industries.

LEARNING OUTCOME :

At the end of the Program participants would have strong understanding of following areas:

- Theory and Methods.
- Method development and Validation.
- Operating the instrument.
- Calibration and validation of Instrument.
- Minor Trouble shooting of instruments.

EVALUATION:

Through different modes like submission of assignments, Mid-course and end course examination

CERTIFICATION:

Certificate will be awarded to successful students who will attend at least 80% of scheduled activities, will qualify the examination.

ELIGIBILITY:

The minimum eligibility criteria for Certificate course on Training of Sophisticated Analytical Instruments include either of the following:

Any of the faculty, students from under graduation & Post Graduation from pharmacy sector will eligible to apply for this course.

Instrument/ SOFTWARE Facilities

Available at VPIP

1. Brookfield Viscometer (Brookfield AMETEK)
- 2.08 Station Tablet punch (Shakti Corp)
- 3.All Purpose Equipment (Orchid)
- 4.Ultraturrex Homogenizer (IKA)
- 5.Spray Dryer (JISL)
- 6.Rotary Evaporator (Superfit)
- 7.Probe Sonicator (Labline)
- 8.Bath Sonicator (Labline)
- 9.Environmental Chamber
- 10.Tray Dryer (V&S Lab.)
- 11.Trinocular Microscope (Labomade)
- 12.Binocular Microscope (Labby Scope)
13. Dissolution Test Apparatus (Veego)
14. UV visible spectrophotometer(Shimadzu)
15. Library Management Software (Vmedulife)
